**Tell Dave Min Tax Hikes  
Will Only Add To COVID-19 Job Losses**

**Our families and small businesses  
can't afford higher property taxes**

Is it any wonder struggling families and businesses are leaving California? Then, along comes professor Dave Min to make things worse for middle class taxpayers and small businesses.

So, what is Dave Min's prescription for turning around an economy that's been hammered by the COVID-19 virus? How about raising our property taxes! What in the world is Min thinking?

We already know California's high tax rates are killing jobs in our state. Without a doubt, Dave Min's voice is adding to the elitist chorus that's pushing for more crushing tax hikes.

Call Dave Min at (949) 478-2476. Tell him the pandemic virus has done enough damage to Orange County's families... we don't need higher property taxes adding to our economic problems.

**"We have to rethink our basic economic model."**  
Professor Dave Min

**WILL YOU OPPOSE  
PROPERTY TAX HIKES?**

**YES**  
  
John Moorlach

**THE ORANGE COUNTY REGISTER** Min "was evasive ... refusing to take a stand on tax-increase and other measures ... disingenuous."

**Independent Leader**  
**JOHN MOORLACH**

**40% of Moorlach co-authored measures were authored by Democrat legislators**

-  Voted for an extra \$500 million to fight Covid-19 with more protective equipment, nursing home assistance & hotels for the homeless
-  Backed legislation imposing strict standards for law enforcement's use of lethal force & refuses campaign contributions from police unions
-  Authored legislation that curtails greenhouse gas pollutants by reducing wildfire threats through better forest management
-  Supported a bill protecting patients against surprise "out-of-network" medical bills when treated by an in-network hospital
-  Chaired the Orange County Commission to End Homelessness & the only certified public accountant in the Legislature

**John MOORLACH**  
for Senate

**THE ORANGE COUNTY REGISTER** John Moorlach "regularly bucks his own party ... never dances around tough issues ... the real deal."

# TRUMP'S AMERICA.

In Trump's America, far right militiamen have taken to the streets. Trump cheers them, calls them "very fine people."

## Marc Steinorth for Supervisor.

**INDEPENDENT. REAL PLANS TO GET THINGS DONE...  
WITHOUT RAISING TAXES.**

**MARC STEINORTH:**  
**No new or higher taxes**

It seems like the county government always thinks new taxes are the answer. Wrong. I voted to oppose the gas tax and voted to cut taxes, fees, and regulations by \$10 billion a year. And, as always, I'll continue to defend Proposition 13 property tax protections. As your Supervisor, I'll oppose new taxes, every time.

**MARC STEINORTH:**  
**Protect our children from sexual predators**

I strongly support Megan's Law and its enforcement. I've also authored tough new laws to keep children safe from sexual predators, and voted to put victims first instead of criminals. As your Supervisor, I'll put public safety first, which is why I've been endorsed by local and state law enforcement organizations.

**MARC STEINORTH:**  
**A real plan to end homelessness**

Instead of just talking, I have a real plan to address the growing homeless problem in San Bernardino County. My plan includes getting veterans suffering from PTSD off the streets, addressing mental health problems, job training, and making sure there is affordable housing available.

**More costly bureaucracy**

Prop. 45 creates yet another expensive state bureaucracy, costing tens of millions of dollars, paid for by consumers through higher premiums.

**More frivolous lawsuits**

Trial lawyers are spending millions to pass Prop. 45 because they stand to make tens of millions more off the new costly health care lawsuits it allows. Under 45, they can charge up to \$475/hour – all paid for by consumers.
