Ohio Power Siting Board (OPSB)  
180 E Broad Street  
Columbus, OH 43215

Dear Ohio Power Siting Board Members:

We are reaching out to you today to express our reservations regarding the proposed Indian Lake solar project.

While we both lent our support to Senate Bill 52, which empowers local decision-making for forthcoming wind and solar initiatives, it's crucial to note that this particular project falls under a grandfathered category, predating the enactment of SB 52. While we don't inherently oppose the project, we harbor significant concerns about its chosen location.

Firstly, the Indian Lake community is currently grappling with the aftermath of a severe E-F3 tornado. The arduous journey of recovery ahead necessitates future land acquisitions and other measures to rebuild residential areas, commercial zones, and government infrastructure obliterated by the tornado. Given the uncertainties surrounding these long-term requirements, the project's placement could potentially clash with the imperative task of reconstructing and rejuvenating Indian Lake, which rightfully takes precedence.

Secondly, we are apprehensive about the project's proximity to the Indian Lake waterway and state park, fearing adverse effects on our precious natural resources cherished by Ohioans. Having ardently advocated for water quality preservation at Indian Lake during our tenure in the legislature, we are acutely aware of the substantial investments, both state and local, dedicated to eradicating invasive aquatic flora and thwarting its resurgence. Hence, it is imperative that a project of this magnitude undergoes rigorous scrutiny to ascertain its impact on the lake ecosystem and the wider watershed.

Lastly, widespread dissent against the project has surfaced among local constituents. Numerous concerned individuals, with whom we've engaged, have voiced their opposition. Members of the business community, too, have expressed misgivings, fearing detrimental repercussions on the hospitality, tourism, and boating sectors vital to Indian Lake's economic fabric.

While Ohio boasts vast expanses of rural land ripe for agricultural and development, contingent upon local zoning approvals and community support, we believe it would be prudent for the developers to explore less densely populated areas outside the Indian Lake vicinity. We take pride in supporting initiatives fostering economic growth in our districts and statewide. However, it's imperative that we exercise judiciousness in selecting project sites, adhering to the age-old adage: "location, location, location!"

Sincerely,

State Representative Jon Cross  
Assistant Majority Floor Leader

Senator Rob McColley  
Majority Floor Leader

BUYING PONTOON BOATS AND TRAILERS - Any age or condition. Paying better than trade-in. Cash on the spot. Call us before you sell. Jim, 937-843-2628.

LEFT TO OUR OWN DEVICES WE TEND TO LIE TO OURSELVES. We deceive ourselves into hearing what we want to hear, doing what is pleasing to our senses and pursuing what makes us feel happy. When we seek to live according to GOD'S wisdom, we are saying to our emotions: "I will walk by faith, not by sight. I will not base every decision on they way that I feel... I will walk by what the Word of GOD says. I am going to trust the Holy Spirit to guide me." How the LORD does His part, and what His timing may be, is God's business, not ours. God will help us get through our traumas safely. Not as I will but as You will. Matthew 26:39. For GOD did not send His Son into the world to condemn the world, but that the world through Him might be saved. John 3:17. Join us at the Russells Point Church of GOD, 430 St. Rt. 708, Russells Point, Ohio 43348, 937-843-3297. Sunday school for adults/children starts at 9:30am, Church at 10:30am, and Bible study at 7pm Wednesdays. Hope to see you soon along with our neighbors and friends. 35
