

SAVE  OUR  EARTH 

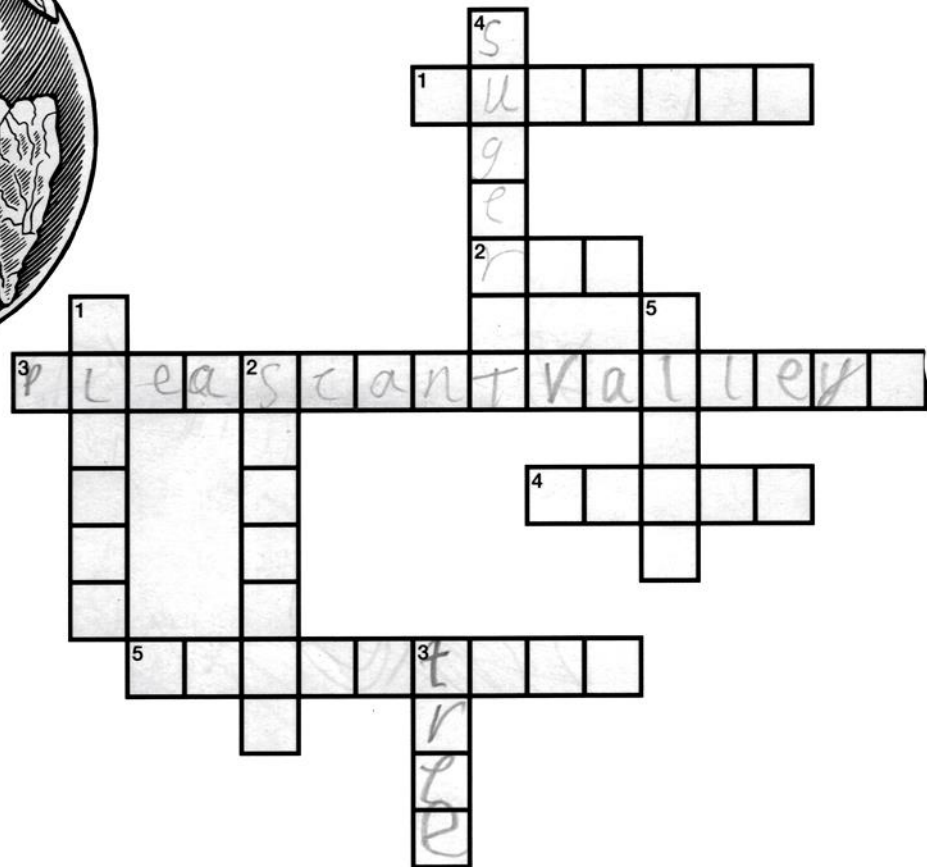

# Environment Crossword

When thinking about your summer don't forget about the earth.  
See if you can solve this crossword and learn more about the environment!

©DG 1990

## ACROSS:

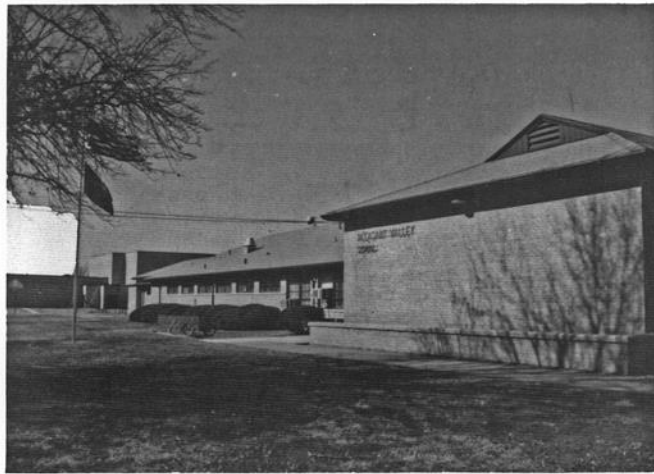

1. Building roads and buildings takes away from an animal's \_\_\_\_\_.
2. Trees add oxygen to it, cars and factories pollute it, and we need it to live.
3. A person who cares greatly about the earth.
4. This important resource covers over eighty percent of the earth, but only one percent is available for human use.
5. People who make our earth dirty cause \_\_\_\_\_.

## DOWN:

1. Wind, sunlight and river current are all forms of \_\_\_\_\_.
2. You can do this with cans, bottles and newspapers.
3. This large plant helps clean the air we breathe.
4. Every day you produce more than three pounds of this.
5. It's big, it's fragile and it's 4.5 billion years older than you!

Mr. Miller is the #1 Pilot of the vigorous family that makes up the Pleasant Valley Jets community. What a job! And what a great and admirable way he performs his duties. His professional way and mild manner make the students, teachers and parents quickly boast about the learning environment and the warm and welcoming atmosphere Pleasant Valley enjoys. We appreciate his willingness to cooperate, communicate and initiate, creating positive learning experiences for the students of our school.

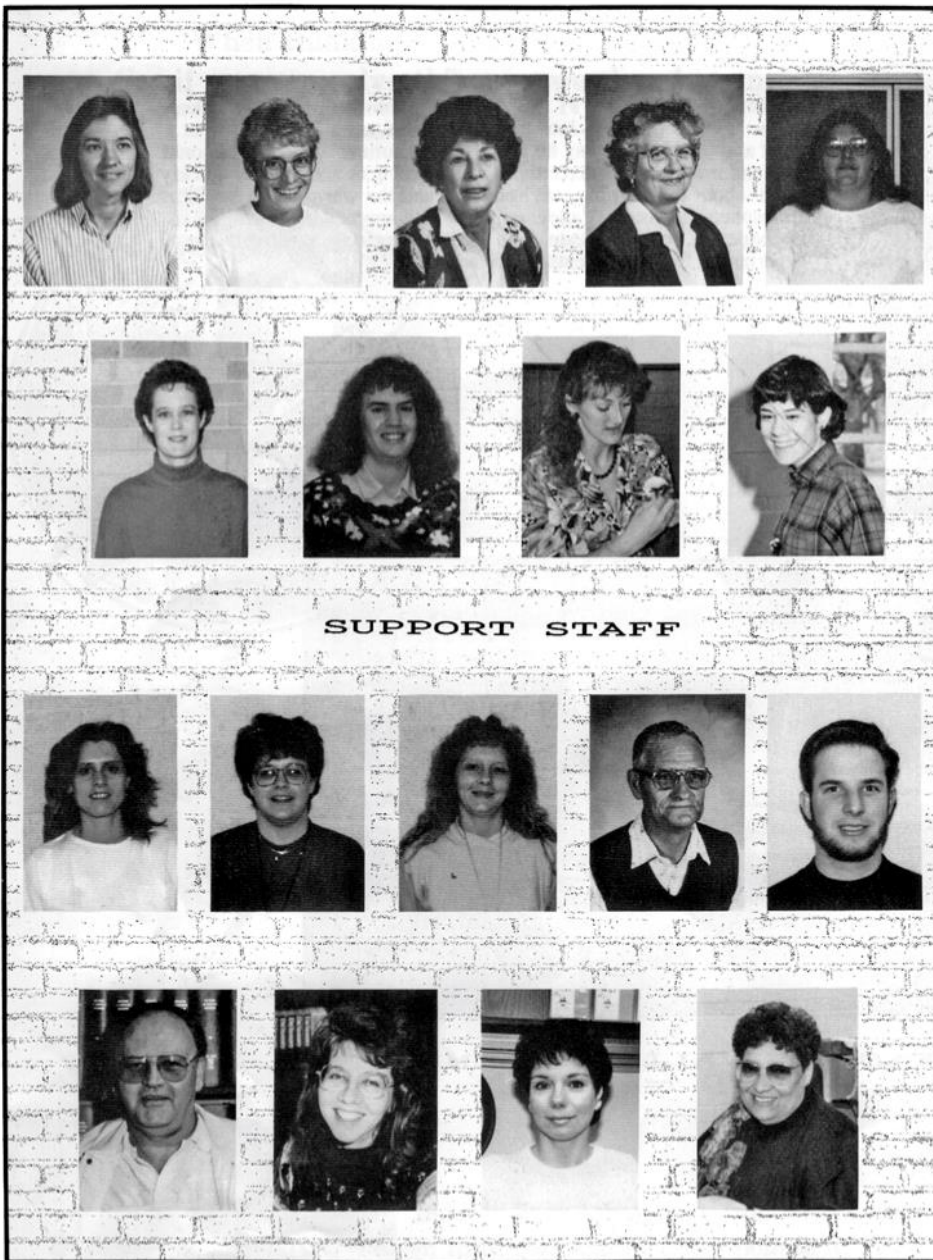

**PLEASANT VALLEY ELEMENTARY  
1990 - 1991**

"Good morning - Pleasant Valley Elementary - May I help you?" The pleasant voice you hear on the phone, and the smiling face you see in the office belongs to our efficient, helpful and cooperative secretary, Carolyn Cain. Mrs. Cain keeps things running smoothly and is indispensable when it comes to counting heads, counting money, answering questions, giving directions, taking temps, fixing limps, typing, filing -- she's still smiling! Varied and numerous duties make up the role of school secretary. Mrs. Carolyn Cain is our Secretary of the Year!

CHRISTMAS MUSIC PROGRAM

PTA FOUNDERS DAY PE PROGRAM

# You can make a difference by following the 3 R's!

## Recycle

Recycle the paper, glass and aluminum you use every day.

Here's what you can do .....

By recycling one aluminum can you could run a television for three hours!

By recycling your daily newspaper you could save a tree every year!

## Re-use

Think about how you could reuse everyday things such as paper and plastic bags, cardboard boxes, glass bottles and jars.

Here's what you can do .....

Those plastic bags they give you at stores can easily be re-used for future shopping and many other uses at home!

Glass jars and plastic containers make fine storage for any collection. Think of some ways you could re-use these containers.

## Reduce

Reduce your use of natural resources by conserving water and energy.

Here's what you can do .....

By turning off the water while brushing your teeth you could save over one thousand gallons of water per year!

Have your parents place a plastic bottle filled with rocks and water in your toilet tank. This could easily save a family of four over two-thousand gallons of water per year!

**HEY!**  
Make sure that you turn off the lights when you leave the room!!

We, the undersigned pledge to learn more about the environment and to do our best to make a difference in preserving our earth.
