

# *A Galaxy of Stars*

*Do you ever sit on a hill at night  
To watch the starscape shine?  
A galaxy of twinkling islands  
Decorates the sky.*

*Some stars burn bright in solo spots  
Like diamond dots on velvet.  
Some gather and gleam behind the scene-  
The sky's own tinsel blanket.*

*Alone and bold; in glittering groups;  
A thousand trillion clusters;  
The cosmos has all kinds of stars,  
Each adding to the luster.*

*Would a star wish to shine  
The way another glows?  
Could it be he doesn't see  
A sparkle of his own?*

*In the universe of galaxies  
Expanding throughout time,  
There are no stars who don't give light;  
There are lots of ways to shine. ©*

*Holly B. Suhi  
for Lifetouch®*

*Find your special way to shine!*

# Jessie Hunter Black Traditional Magnet

1045 High  
Wichita, Kansas 67203

1997-1998

## MISSION STATEMENT

The mission of Black Traditional Magnet Elementary School in partnership with parents and community is to provide students an opportunity to achieve and to be challenged in accordance with their ability in a safe, structured, disciplined, equitable environment, in order to prepare them for a constantly changing society.

The students at Black Traditional Magnet are great! I have enjoyed watching them grow and seeing their accomplishments. This has been a year of learning, learning, learning. Our students and staff have worked hard. The results of these efforts have shown on the district and state reading, writing, and math assessments. Beyond the classroom academic learning, field trips, skating parties, Wichita Police Horse Patrol assembly, spirit days, honors assemblies, spelling bee, R.I.F., D.A.R.E., Student Council, wearing of school uniforms, and winter music programs are just a few of the activities that have created wonderful memories. Super students, dedicated staff, and supportive families make Black Traditional Magnet a wonderful place to be!

Phyllis A. Brady  
Principal

## Staff 1997-1998

Stacey Bana-Owono - Student Teacher  
Kathy Clark - Parents as Teachers

These kindergarten students are so enthusiastic! They really love to learn, and it is a joy for me to teach them. They are working so hard to be good first graders next year. One very special thing I notice about these children, they are very willing to help each other, and they enjoy sharing toys at center time ! Mrs. Ebersole

This class has such a work ethic that when they come in at 8:50, they sit down quietly and begin working. Even during center time they play teacher, reading the alphabet, numbers, poems, rhymes and words from the board. In addition to the love of learning, they have love for one another and kindness towards others. They love to come to "work" everyday and so do I! We're having a great year. Ms. Dunsworth

FUN

COOL STUFF

## Big Air, High Speed & Outdoor Adventure

### X Sports are the buzz

Extreme sports were the buzz for thrill seekers of all ages this year. We climbed higher, pushed harder, and reached the outer limits—more than ever before. Skateboarding, rollerblading, snow boarding, climbing, and ropes courses were all part of the wild ride we took into adventure sports. From ramps and half pipes to indoor climbing walls, wheels and rails were everywhere. And while we played in the great outdoors, we wore the latest fuzzy fashion called “fleece.”

BANDAI AMERICA

### buzzing about trends

#### Cool Pets

No, not the real life pets, but toy pets were hot this year—Beanie Babies and those electronic virtual critters called Tamagotchis (pronounced Tah-Ma-Got-Cheese). Beanies, under-stuffed beanbag animals that came named with a short poem printed on their heart-shaped tag, were cute and huggable. A Tamagotchi appeared as a mini pet on a tiny screen that required the owner to feed and care for it by pushing the buttons to watch it grow.

What did you think about these toy trends? (circle one) HOT or NOT

TY INC.

J.L. BULCAO, GAMMA/LIAISON

Alexandra Nechita, a thirteen-year-old artist from Romania, made headlines everywhere when her remarkable paintings were displayed in galleries all around the world. She appeared on CBS News, Oprah, and many other television shows. When asked about her creative talent she said, "I'm just a normal child. I go to school, I come back, I start painting." Her beautiful works of art have been compared to the famous painter, Pablo Picasso. Did you use your artistic talents this year?
