KIRKFIELD UNITED FOOTBALL CLUB

Sustainability Policy

WWW.KIRKFIELDUNITED.COM

1.0 Introduction

Kirkfield United recognises its responsibility to operate in a way that supports environmental sustainability and protects our local community spaces. This policy outlines our commitment to reducing waste, promoting responsible use of resources and encouraging environmentally aware behaviour across the club.

Our aim is simple: **run a football club that respects the environment and supports long-term community wellbeing**.

2.0 Club Commitment

Kirkfield United will:

- Reduce waste at training, matches and events
- Encourage reusable water bottles and minimise single-use plastics
- Maintain pitches and facilities responsibly
- Promote sustainable travel options where possible
- Use equipment and resources efficiently
- Work with partners who demonstrate responsible environmental practices

3.0 Volunteer & Coach Responsibilities

Volunteers and coaches will:

- Encourage players to use reusable bottles and dispose of waste properly
- Ensure equipment is cared for and stored correctly to extend lifespan
- Support sustainable travel arrangements (car sharing, walking groups, etc.)
- Promote environmentally responsible behaviour during sessions and events

4.0 Player Responsibilities

Players will:

- Bring reusable water bottles
- Dispose of litter responsibly
- Respect pitches, changing areas and community facilities
- Follow coach guidance on sustainable habits

5.0 Implementation & Review

We will:

- Review sustainability practices annually
- Introduce improvements where practical
- Work with local partners to support community environmental initiatives
- Communicate expectations clearly to families and volunteers
