## Terms and Conditions with Limited AKC Registration

1. Payment of the balance must be made by **cash only** on the day of pick up.
2. Buyer agrees to have the dog examined by a licensed veterinarian within 48 hours of receipt of the puppy. If the puppy is found to be unhealthy, a written statement from your licensed veterinarian must be sent to us immediately. No monetary refunds will be given, but a comparable puppy from another litter will replace him/her as soon as possible. If the buyer is out of state, it is the buyer's responsibility to pay for travel expenses of the returned puppy and the replacement puppy.
3. Limited registration means "is not to be used for breeding and must be spayed/neutered". Buyer agrees to spay/neuter between **12-15 months of age**. The puppy is a companion and it will be a breach of contract if he/she is used for breeding.
4. This guarantee does **not** cover allergies, undescended testicles, loose knees, elbows or hips, growth plate injuries, elongated soft pallet, umbilical hernia, dermatitis or demodectic mange. We do not offer any health guarantees on anything contagious a puppy can contract as soon as they leave our care. This includes parvovirus, coccidia, giardia, intestinal parasites, fleas, and any illness that can be brought on by stress, viruses or bacteria. Buyer is responsible for all medical costs of their puppy once the puppy is in buyer's possession. No refunds will be given.
5. Buyer is aware the puppy has received its first set of vaccinations and that the puppy requires 2-3 more vaccines to be considered fully vaccinated. The next vaccination is due at 11-12 weeks of age, and the third one when the puppy is 15-16 weeks old. Buyer agrees to keep the puppy out of public spaces, parks, puppy classes or any other socializing other than with pets in his/her own household until the vaccination series is complete.
6. The dog will reside with the buyer as a companion pet. The dog will not be allowed to roam at will, nor will the dog ever be kept chained or permanently housed in a kennel. The buyer will provide the dog with nutritious food and all necessary vet care including yearly check-ups, deworming, heartworm prevention, flea prevention and regular veterinary recommended vaccinations.
7. I will always take back one of our dogs no matter the age or the reason. You will not get a refund but I do not want a Wyldrose bred dog to be given to a stranger, a shelter or a rescue.
8. I am here for you for the life of your new dog that I was responsible for breeding. Please know that I did my utmost to ensure proper socializing and desensitization. It is now your responsibility to create a bond and begin early training through stimulating games and a puppy basic training course after all vaccines have been administered. This is crucial to developing a good canine citizen you will want to share your life with. Enjoy your Wyldrose baby and please stay in touch!
