Welcome fall, y'all! As the weather cools down, we hope you and your furry friends are looking forward to the cooler weather and crisp air of fall!

We wanted to give you a quick update and a few reminders about our clinic.

# NEW OPTIONAL SERVICES DURING SURGERIES

## »»» CERENIA

Cerenia, an antiemetic, can reduce nausea, pain, and anesthesia requirements during surgery, leading to a faster recovery time. We recommend Cerenia for all surgeries, but it's particularly beneficial for older pets.

## »»» DENTAL SEALANT

SANOS® works by getting into those hard-to-reach places under the gumline, especially around the back teeth. It acts like a clear, self-drying bandage that helps protect against plaque and tartar buildup for up to 6 months!

This is important because while cavities are less common in pets, gum disease is a big concern. Keeping the gumline clean can help prevent problems that might lead to tooth extractions down the road.

This can be added to any dental cleaning. We can also apply this sealant during a spay or neuter, as long as your pet is eligible.

## »»» CESAREAN SECTION

We are pleased to announce that we are beginning to offer c-sections. If you are interested in learning more about whether a c-section is right for your pet, please call 623-936-7387 to schedule a pre-surgery consultation with one of our doctors.

# HOLIDAY PREPARATION

## ANXIETY MEDICATION <<<

With fireworks and increased visitors during the holidays, your pets may feel anxious. We can help! Call us to discuss anxiety medication that can keep your furry friends calm and safe.

## >>> MICROCHIPPING

- Make sure your furry friends are always at your side with updated microchip records. And for those without, equip them with the power of protection. Trust us, they'll thank you for it.
- Comfort your pets with pets as needed and stay nearby if possible. Make sure they can access their crate or "safe place."
- Try to keep your pet indoors at all times during holiday celebrations. Ideally, someone stays home with your pet. If you must go out, be sure to keep your pet leashed.

## DID YOU KNOW?

**More pets go missing around the 4th of July than any other time of year, and noisy fireworks are to blame. July 5th is the busiest day of the year for shelters.**

## REMINDER! <<<

Don't let the holidays sneak up on you! Make sure you request any medications you need before our office closes. We're here to help you stay healthy and happy, even during the busiest time of the year.
