## **FOUND PET HELP**

Tips from Lost Dogs Arizona

## At the shelter:

- Even if you are leaving the pet you found at the shelter, there are still things you can do to find the owner and reunite a family.
  - o Get a good photo of the pet
  - o Get the "A number" from the shelter so that you can follow the status of the pet online via <a href="http://www.petharbor.com">http://www.petharbor.com</a>
  - Post a Found pet flyer on the Lost & Found bulletin board, at both county shelters.
    Include a photo and your contact information as a minimum. Follow the posted requirements.
- If you are able to hold the pet you found until the owner is located, file a found pet report with the shelter. You can do that at the Lost/Found desk or by calling 602-372-4598. The pet will automatically be posted to <a href="https://gis.maricopa.gov/ACC/Stray/index.html">www.petharbor.com</a> and the county interactive map at <a href="https://gis.maricopa.gov/ACC/Stray/index.html">https://gis.maricopa.gov/ACC/Stray/index.html</a>.
