

## **EMANCIPATION OUTREACH TO PRISONS**

### **INVITATION TO PERMANENT FREEDOM**

It has often been said that the life we live on earth is determined by the choices we make. This is true to a great extent as some of us are imprisoned because of certain crimes we CHOSE to commit. But then, there are some of us in this same prison yard who never committed a crime but are just victims of circumstances. However, whichever group you fall into, there is good news. There is provision for **mercy** and **justification**. Jesus Christ can show you mercy, vindicate you, set you free permanently and even give you a brand new beginning. His main delight is to set men free (John 8:32, 36). The greatest imprisonment is not that of a physical cell or prison yard, but a spiritual bondage to sin, alcoholism, fornication, murder, chain smoking, drug addiction, theft, robbery, rape and all forms of Satanic habits and attitudes. Even if you are released from the physical prison today, you will still be held in spiritual prison. But on the other hand if you allow Jesus Christ (the Truth) to set you free, He will release you from both Spiritual and Physical Prisons (Isaiah 61:1).

Put your hand on your chest as you say this prayer:

***“Lord Jesus, I am a sinner and I need your help today. Please forgive all my sins, wash me in your Precious Blood and purify my heart. I accept you as my Lord and Saviour today, come into my life and take over completely. Deliver me from spiritual and physical imprisonment and help me to become permanently free from now on. Thank you Jesus for saving me. Amen”.***

If you said that prayer, congratulations. You are now FREE. Start seeing yourself as free and you will surely testify.
