

LETTER OF INVITATION

September 06 | 2024

Combat Sports Federation Tonga Incorporated
Tonga
Attn. David Taumoepeau | President

Re: Invitation letter to participate in the GAMMA World MMA Championships 2024

Dear Mr Taumoepeau,

We are proud to present the GAMMA World MMA Championships 2024 to you and it is our pleasure to invite the Combat Sports Federation of Tonga Incorporated to send a team and represent your country by participating in the world championships from 6 to 14 December in Jakarta, Indonesia. Teams can bring as many athletes as they wish, and for the senior competition the accommodation for a maximum of 16 athletes and 2 coaches according to the quotas listed in the event information pack will be covered.

One of GAMMA's top priorities has always been athlete development. This includes providing opportunities for athletes to compete in. One of them is the World MMA Championships. Participating is highly encouraged. This does not just apply to athletes, but also to coaches, team delegates, referees and judges. This way national teams achieve true development back in their respective countries. The success of Tongan athletes at the previous editions of our World Championships is testament to this and we are very happy to welcome a Tongan team once again to the World Championships.

The World MMA Championships shall be the most important MMA tournament globally and this edition is done in cooperation with Pertacami ID/ GAMMA Indonesia (hereafter abbreviated as GAMMA Indonesia) represented by its President Mr. Tommy Paulus Hermawan.

We want to thank GAMMA Indonesia for working relentlessly the last few months in seeking government approvals and finding the best venue location so we can make this tournament safe and an event that will be remembered. As an international federation, we feel very privileged of having the support of such inspiring and passionate people like Mr. Tommy Paulus Hermawan, who is also an active member of GAMMA.

GAMMA is fully confident of GAMMA Indonesia's ability to host a safe and successful tournament and believe that the competitiveness and desire to compete from each and every one of our athletes will make this an exciting event.

Together, we aim to provide a safe and successful tournament and look forward to the participation of Tongan athletes at our most prestigious Championships.

With respect,

Alexander Engelhardt

President | Global Association of Mixed Martial Arts
