

www.aaronindustrial.com

Aaron Industrial is an Industrial Fabrication Company based out of Nueva Ecija , Philippines. Along with Waste Management Machinery, we also specialize in Batching Plants, Separators and Crushing Plants, including, Agri Machinery. Further, the company is a leading fabricator of construction testing equipment and sold over 2000 pcs. of Concrete Cylinder Molds in 2023.

The Company is dedicated to deliver reliable, tough, well-made and fairly priced equipment since our establishment in 2012. It is the Company's proud mission to make a positive impact in transforming communities through its Waste Management Machinery line up which works steer away pollution away from our air, soil, and oceans.

Aaron Eco Green Machinery is a division of Aaron Industrial Enterprises. Established in 2012, Aaron Industrial started fabricating Hydraulic Hollow Block Machines. From this position, it was able to recognize the opportunity for customized machine fabrication following customer specifications and requirements.

Later on, the company took orders for plastic shredding machines and Waste Management Systems for Local Government Units (LGUs) and other private companies.

Aaron Eco Green Machinery is a division of Aaron Industrial Enterprises

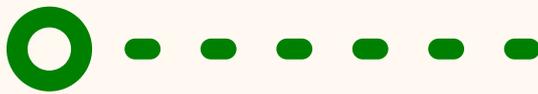

COMPANY MISSION

Aaron Industrial and Aaron Eco Green Projects will promote Industrial Machinery awareness in the Philippines, bringing quality Machine Fabrication along with championing the use of local Waste Management Machineries to improve waste collection and disposal for a greener and healthier community.

COMPANY VISION

To continue bringing value to the community by being the Most Trusted Industrial Machinery Manufacturer in the Philippines and a leader in Construction Batching Plants and Waste Management Machines Industry.

ECO BRICK MACHINE AND CHARCOAL BRIQUETTE MACHINE

Charcoal Briquette Machine

Eco Bricks Machine

Capacity: up to 300 briquettes per hour
Uses: Wood chips, Rice Husks, Charcoal,
Saw Dust, Coconut Husk

Capacity: up to 150 - 300 bricks /hour
Uses: Glass, Plastic, Rubber

INDUSTRIAL PLASTIC SHREDDER AND MULTI PURPOSE SHREDDER

Capacity: up to 300 kg per hour, customizable up 1 ton per hour
Uses: Hard Plastic, PET Bottles, Plastic Sheets, PVC Tarpaulin, Plastic Films,
Papers, Cartons, Twigs and Leaves

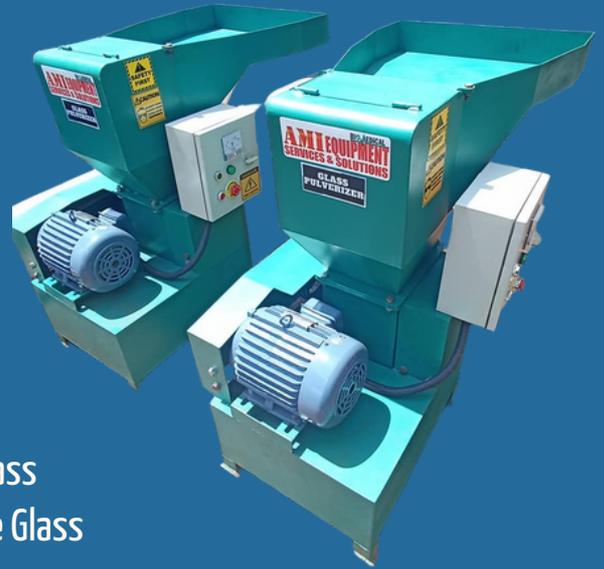

INDUSTRIAL PLASTIC SHREDDER AND MULTI PURPOSE SHREDDER

Capacity: up to 300 kg per hour, customizable up 1 ton per hour
Uses: Hard Plastic, PET Bottles, Plastic Sheets, PVC Tarpaulin, Plastic Films,
Papers, Cartons, Twigs and Leaves

INDUSTRIAL GLASS PULVERIZER

USES:

- Broken Glass
- Recyclable Glass
- Bottles
- Jars
- Other Glass containers
- 5 - 40 HP Motor variants
- With Installed Safety Features
- Customizable

- Reduce Waste Volume
- Ready to Process for Recycling
- Greatly reduce Waste Disposal Costs

BALING MACHINE

Capacity: 47 - 48 bales / per hour, 60 x 60 cm
Uses: Cartons, Plastic, General Waste,
