

PILATES OF HAWAII CURRENT MASK POLICY

Currently (as of July 2020), the state of the pandemic and business re-openings are in flux, and government directives are being made according to the latest understanding of best practices.

At this time, we understand that it is not mandated to wear masks while exercising, and therefore we are allowing each client to choose whether to wear a mask.

Those who do prefer to wear a mask may certainly do so, but we are not requiring others to do the same. Therefore, it is up to each individual to weigh the risks associated with participating in Pilates.

We will continue to screen participating individuals for symptoms and signs of possible Covid-19 infection, and we are continuing to sanitize the equipment and the studio in detail.

As new information comes out, or as new rules are promoted by the authorities, we will adjust our policy as needed.

Thanks for your continuing support!

[See separate sheet for individual screening questionnaire and procedure.]
