Homes and Featured Properties

Wonder Valley - 3br3ba custom on creekfront 2.5ac \$ 450,000

Excellent custom 3br3ba custom, 2,400sf, fenced & cross-fenced, with frontage on Millcreek & 60gpm well. Nice floorplan w/ formal living & fireplace, formal dining, neat country kitchen, and great game room/wet bar in converted garage. Needs a little external TLC.

Sassafras - Older MH 3/2 on cul-de-sac 5ac \$ 175,000

Older "fixer" 3br2ba MH on very private cul-de-sac 5 acre lot. New well produces 17gpm, newly installed septic. Home in okay condition but needs finish work. Property backs up to large ranch area. Seller will consider carrying paper.

Bronco - 2006 custom home near Hwy 180 - great 5ac \$ 350,000

Estate sale for this 2006 custom "diamond in the rough" - 1,554sf w/ oversized garage, 20gpm well, and 3,700 watt owned solar system. Home is 2br2ba plus den and in good condition but needs a little finish work in places. Excellent usable lot near Hwy 180. A great price and a great location. 24 hour notice for showing.

Sequoia Dogwood Meadows - 40 ac w/ meadow & stream - \$ 425,000

Truly unique 40 acres just west of Sequoia Lake with an active spring at the top, a gorgeous meadow in the middle, and a trout stream at the bottom. Great access with a newly built private road plus walking trails and lots of Dogwoods! Owner may carry with acceptable down & terms.

Empress Mtn Cabin - 2 lots, 4br2ba cabin, 6,000ft elev \$ 425,000

2 story, 3/2 cabin w/ garage under plus 1/1 guest cabin on 2 lots with 2.16 acres. Both cabins on smaller lot w/buildable larger lot. Overlooks Sequoia Lake at 6,000 ft elevation. Private gated entry off of Hwy 180. Cabin is in great condition. All furnishings included.

Dunlap - Goat Rock Ranch - 382ac w/5br2ba MH - \$ 1,270,000

One of the original Dunlap ranches. 382 acres w/ numerous seasonal creeks and some great terrain. Also includes Goat Rock—a massive granite dome. Improved with 2014 5br2ba manufactured home and large detached garage/shop. Home in great shape with large deck and fantastic view. 1 mile from Dunlap School. Owner may carry.

Longview - Bricker Custom 4br2ba w/2,418sf & 2 shops \$ 530,000

Beautiful custom Bricker, all 2x6 construction, classic floor plan, heated freeform pool, fully owned whole house solar system, and awesome private setting w/ valley views. Fully fenced and cross-fenced with too many extras to mention. One of the nicest homes up here.

Pinehurst Cabin - Vintage 2br1ba w/ 1,400sf \$ 260,000

This outstanding 1930 vintage cabin is on a 1.67ac parcel and has been renovated with new kitchen, new roof, and more. Cabin has living room w/ rock fireplace, nice den w/woodstove, and large loft. Also includes partially completed guest cabin. All in a beautiful park setting.

Sequoia Ridgetop - 40 ac adjacent to national forest \$ 350,000

Gorgeous private 40 acres just west of Sequoia Lake adjacent to the national forest. Terrific setting w/ multiple potential cabin sites along the ridge. Zoned RC which allows low intensity camps. Ultra private & very unique. Seller may carry with acceptable down and terms.

Sequoia Flats - 40 ac west of Sequoia Lake - \$ 450,000

Outstanding 40 acres at 5,000ft elevation just west of Sequoia Lake. Excellent terrain w/multiple building sites. Zoned RC which allows low intensity camps. Rare & truly unique private property next to the national forest. Seller may carry with acceptable down and terms.

BROKER'S CORNER - Will Squaw Valley's name be changed? The truth is that the jury is still out. The Federal Government has changed the name of the valley to Yokut Valley but the community is still Squaw Valley. The Fresno County Board of Supervisors has just adopted a measure to start litigation against the State of California to stop the state from changing our name. The lesson here is that it isn't over 'till it's over. We need to stand tall for our rights and let our voices be heard. There is more to come on this issue, so be ready to stand your ground. This is our community and we are proud of it. This nation was founded on the principle that individual rights count. DON'T TREAD ON US!!

Sal's Astronomy Corner

Wildfires can make the sun and moon appear deep red by altering how light travels through the atmosphere. Normally, air molecules scatter blue and green light, but wildfire smoke carries larger particles of soot and ash. These block shorter wavelengths, allowing only longer red and orange wavelengths to pass, creating the vivid effect—most striking when the sun or moon is low.

As of 8/10/25, the **Gifford Fire** northeast of Santa Maria is a major source of such skies. Burning in Los Padres National Forest, it has consumed about **117,000 acres**, making it California's largest wildfire of 2025. Containment is at **21%**, with over **2,900 structures threatened** and thousands evacuated. More than 3,000 firefighters are battling the blaze in hot, rugged terrain. The smoke plume has spread far beyond Santa Barbara County, producing hazy conditions and crimson sunsets even here in the Central Valley. Officials warn that while the sight is beautiful, wildfire smoke can be dangerous to breathe.

THINGS TO PONDER 🤔

By I Might Be Funny

1. If the No. 2 pencil is the most popular, why is it still No. 2?
2. Why do we press harder on the remote control when we know the batteries are getting weak?
3. Why are you "in" a movie, but "on" TV?
4. What was the best thing BEFORE sliced bread?
5. Why do we drive on parkways & park on driveways?
6. Why do "fat chance" & "slim chance" mean the same thing?
7. Why do British people never sound British when they sing?
8. At a movie theater, which arm rest is yours?
9. Why are there no "B" batteries?
10. Why do people say "heads up" when you should duck?

Oak to Timberline Fire Safe Council 10 Years of Wildfire Readiness Since the Rough Fire

Since 2015, OTFSC has worked hard to protect our community. Here's what we've achieved together in the last decade:

1. Secured \$3M+ in wildfire prevention grants
2. Improved 5 major evacuation routes
3. Constructed 20+ miles of shaded fuel breaks
4. Treated 530+ acres of brush and forest
5. Felled hundreds of hazard trees during the bark beetle infestation
6. Hosted dozens of community chipping days
7. Delivered wildfire handbook and safety mailers
8. Created and expanded 5 Firewise communities
9. Supported regional evacuation map planning and created the Community Wildfire Protection Plan
10. Balanced wildfire risk reduction with ecosystem protection
