

Technical Data

Model No	DMR006
Thickness and Size	Material thickness 1,5 mm
Dimensions	Highest point 38 mm
Weight	65 gr / Pcs - 3.900 kg/m2
Colours	All ral code colours are available
Finishes Available	Matt or glossy paints available
Material	Strengthen, light and strong copolimer
Suitability	Interior / Exterior use for walls and ceilings

General Performance Data

Flammability
UL94 / V-0
(Optional)

Surface Quality
A1

Flexural Strength
ISO178
63MPa

Size Accuracy
+/-0,05%

Temperature Resistance
-40/+85 °C

Thickness Accuracy
+/-0,005%
