

PAW PRINTS

A Newsletter from the Wilson PTG (Parent-Teacher Group)

The PTG is launching a Grocery Gift Card Drive to support Wilson families who may need extra help with meals this holiday season. This initiative is an opportunity for our community to extend practical support at a time when it's needed most. Grocery gift cards of any amount and from any local grocery store are welcome and will make a meaningful difference for families in our community.

Gift cards can be given to Ms. Campbell until the beginning of winter break. Thank you for your generosity and for supporting Wilson families during this festive season!

Have you ever stopped at the end of an aisle in the grocery store to take in just how much single use plastic exists in our daily lives? One plastic water bottle will take approximately 450 years to break down, and even then, it turns into microplastic, which effects soil and groundwater. If we think back 450 years ago to what was left by humans it's a much different story. We were left with pottery shards, woven baskets, and other non-toxic artifacts. We each have a hand in what the Earth will look like 450 years from now, and packaging is a major component to that. Individually we can lessen our impact, collectively we can make a big difference.
