

October 2025 Funds Requests

Heart Puzzles (4th Grade Team)

\$150

Anatomical Heart Project - Each year the 4th graders learn about the figurative and literal great heart. Last year to wrap up our learning we turned our classrooms into surgical rooms and had students work together to "operate" on a heart together. To operate they had to construct a 100 piece puzzle of an anatomical heart. They were given gloves and an "operating table" to complete the project. This was done after learning about our physical heart, the circulatory system, and visiting SCC and learning about their medical programs. Unfortunately, the teacher that purchased these puzzles last year is at a different building now. We were hoping to purchase a new set to stay here at Wilson for any 4th grade teacher to use for this unit now and in the future. It's definitely a fun team building activity to wrap up our learning.

Green Club Reusable Supplies

\$1000

Following up on working toward creating less waste at our large school events, the green committee would like to request funds to purchase eco-friendly, and reusable supplies in bulk.

Insulated drink dispenser 4 ¾ Gallons	3	\$200 each	\$400	ULINE
10 Gallon water cooler	2	\$165 each	\$330	Amazon
2.5 Gallon water jug	2	\$45 each	\$90	Amazon
Collapsible/Reusable trash/recycle/compost bins (10 count)	2	\$85 each	\$170	Green Paper Products
		Total	\$990	

**All dollar amounts have been rounded up, and the total funding request tries to leave a cushion for tax/ shipping.*

PBIS Supplies

\$300

Schoolwide BINGO initiative by Ms. Park.

Together Spokane Campaign

\$250

Wilson PTG contributed \$250 to the last Bond/Levy campaign.

Proposal to Earmark Shade Funds

\$3000

See second page for further details

Proposal for Playground Tables and Umbrellas

Purpose

The Wilson playground currently has very limited shaded seating for students, staff, and families. During recess, outdoor learning, and community events, students lack a comfortable place to rest, socialize, or work. Adding shaded seating will make our playground more functional, safe, and inviting.

Proposal

We propose purchasing **2–3 heavy-duty outdoor picnic tables with umbrellas and umbrella bases.**

Selected Products

- **Picnic Table (with umbrella hole):** OUTTANS Heavy-Duty Steel Picnic Table – \$859.87 each
- **Umbrella (9ft Outdoor Patio Umbrella, multiple colors):** \$149 each
- **Umbrella Base (40 lb, US Weight):** \$42 each

Estimated Costs

Item	Unit Price	Quantity	Subtotal
Steel Picnic Table	\$859.87	2–3	\$1,719.74–\$2,579.61
Patio Umbrella	\$149	2–3	\$298–\$447
Umbrella Base	\$42	2–3	\$84–\$126
Total Estimated Cost	—	—	\$2,101.74–\$3,152.61

Benefits

- **Shade & Comfort:** Provides relief from sun exposure on hot days.
- **Outdoor Learning Space:** Teachers can use tables for small-group instruction and hands-on activities.
- **Community Gathering:** Creates a welcoming space for families at school events.
- **Durability & Safety:** Commercial-grade steel tables and weighted umbrella bases ensure long-term use and safety.
- **Accessibility:** Tables are ADA-convertible, allowing wheelchair access when needed.
