UPCOMING OPPORTUNITIES

Wilson Carnival

The annual Wilson Carnival will be held Friday, May 30 from 5:00-8:00 pm. Join us for pop toss, face painting, inflatables and more! This event relies heavily on volunteers - please consider showing your support by providing supplies or volunteering to host a booth. Tickets are available for advance purchase, or at no cost by request. All children must be accompanied by an adult.

Open PTG Volunteer Positions

Thank you to the many Wilson community members who have agreed to step into new leadership roles for the coming academic year. We appreciate your willingness to make a commitment of time and energy to maintain many of our annual events and activities! The following positions remain unfilled for the 2025-2026 school year:

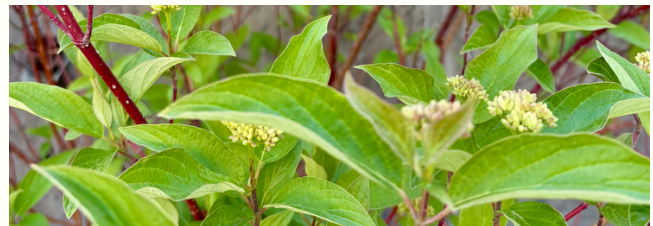

- **Dine Out:** Work with local restaurants to schedule periodic dine out fundraisers and help promote these events in the community.
- **Talent Show:** Organize talent show rehearsals and performances. Serve on the committee of 3-5 people who will select acts for the show. Easy chair position!
- **Photography:** Attend events with camera in hand to document for social media and our website.
- **PTG President Elect:** The President Elect will participate in board activities and partner with the President to learn the position. The President Elect will move into the President position for the 2026-27 school year. Kendra is eligible to serve as president for just one more year and would love to partner with someone next year to facilitate a smooth transition.

Please share your time and talent with our community! Contact Kendra Chapman for more information or to volunteer.

Wilson Game Night

Join others from the Wilson community at Flatstick Pub for a family-friendly game night fundraiser. On Tuesday, June 3 from 5:30-8:00 pm, Flatstick Pub will generously donate 50% of every \$15 game purchase back to the PTG. Check out the menu, invite a friend or two, and head to Flatstick!

RECENT HIGHLIGHTS

Thank you to our wonderful head custodian, Ms. Trish, who dreamed up a fantastic flower basket workshop for Wilson students in collaboration with the Green Club!

Thinking Green: The Not-So-Green Lawn

by Bre Orcasitas

Interested in joining the Green Committee? Contact Bre at bre434@gmail.com.

Did you know that the majority of lawn chemicals negatively impact the environment, and create health risks for humans, pets, wildlife, and waterways? Traditional insecticides, herbicides, and fungicides all have surprisingly negative impacts. Many of these chemicals are poisonous to the pollinators that we depend on, as well as other wildlife such as birds and aquatic life. Not only that, but herbicides can seep into our groundwater. The good news is there are environmentally friendly alternatives. Visit [this website](#) for more information on how you can have a truly “green” lawn.
