[XEV.FiN] or xtrawrkx EV Finance Network

- **Free & Fair:** This forum (currently on Whatsapp) is designed to be a free and fair space for EV startups to network, share learnings, and get assistance from Angel investor syndicates, VCs, Investment Bankers, Franchise Owners, Financial consultants, EV leasing , NBFCs and more.
- **Founder First:** The platform is committed to putting founders first and enabling them to achieve their goals. It provides a supportive environment for startups to grow and thrive, with a focus on empowering founders to succeed.

Problem Statement

Importance of fundraising and financial modeling in a founder's KRA -

- **Critical to Success:** Fundraising, financial modeling, and associated activities are critical to a founder's success. They are essential components of a founder's KRA and can make or break a startup.
- **Balancing Act:** Balancing the focus on building the business and raising capital can be challenging for most founders. It is a delicate balancing act that requires careful planning, execution, and management. Striking the right balance between these two activities is crucial to the success of any startup.

Areas of Learning & Discussion

1. Financial modelling of EV startups & businesses
2. Corporate governance & financial discipline
3. Valuation, fundraise , M&A , ESOPs policy
