Summary

Hey there! I am a computer science graduate looking to join the workforce to gain more real-world experience. I am easy-going, reliable, and ready to learn and grow with your company. My previous employers and professors describe me as a dedicated worker with excellent communication skills. I hope to leverage my abilities to successfully fill the position available within your company. I am eager to elevate ongoing development projects or create novel software solutions geared toward driving increased user ship and profits.

Skills

- Software development
- User interface design
- Java

- Data analysis
- React Native, JavaScript

Experience

Boys and Girls Club of Middle Tennessee | Nashville, TN
Seasonal Computer Science Intern
02/2024 - 03/2024

- Created software to aid in educating young children in the Nashville Metro Area.
- Utilized Swift Playgrounds to introduce children to programming concepts using the Swift programming language.
- Tasked with providing imaging and streamlining a fleet of iPads to be used in educational settings across multiple schools in the Nashville area.

ExactCare Pharmacy | Clarksville, TN
Remote Certified Pharmacy Technician
02/2023 - 08/2023

- Identified needs of customers promptly and efficiently.
- Performed data entry into pharmacy computer systems.
- Performed basic calculations and computer data entry.
- Demonstrated strong problem-solving skills, resolving issues efficiently and effectively.
- Worked with cross-functional teams to achieve goals.
- Maintained updated knowledge through continuing education and advanced training.

Kroger | Clarksville, TN
Certified Pharmacy Technician
06/2019 - 12/2022

- Trained other pharmacy technicians, abided by state regulations for training and licensure.
- Organized medications for dispensing. Handled doctor calls and medication deliveries in facilitation of prescription orders.
- Input patient and prescription information to produce product labels and assist in prescription filling process.
- Processed claims for third-party prescription services.

Kroger | Clarksville, TN
Store Clerk
06/2017 - 06/2019

- Processed cash, check and credit cards for customer purchases.
- Supervised others and provided on-the-job training.

Education

Austin Peay State University | Clarksville
Bachelor Of Science in Software Engineering
05/2025

- M.S. in progress.
- Member of the Pi Kappa Alpha Fraternity
- PeayPark, Capstone Project: This is a mobile parking application written entirely in JavaScript using React Native for the front-end and SupaBase for the back-end. It manages parking lots at Austin Peay State University and allows for students to see parking lot information such as the number of spaces available before they arrive so they can plan accordingly.
