BLACK ENIGMA

CAPABILITY STATEMENT

Black Enigma, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB), HUBZone-certified small business, and Minority Business Enterprise (MBE)that helps organizations restore operational control as they grow and become more complex. As companies expand, the systems that once supported success often begin to break down—creating execution gaps, accountability issues, compliance risk, and reduced profitability. Black Enigma identifies the structural and operational blind spots causing those breakdowns, then redesigns leadership structures, workflows, reporting systems, and decision authority to create scalable, measurable, and sustainable performance.
The result is an organization that executes predictably, reduces dependency on key individuals, strengthens accountability, and is built to sustain long-term growth.

Company Profile

Year Incorporated: 2022

Headquarters: Dallas, Texas

UEI: GN14DPQYC5E1

CAGE: 9FP79

Accept Credit Cards: Yes

Contact: Marion Small

E-mail: m.small@blackenigma.com

Phone: (972) 815-9383

NAICS Codes

541611 – Administrative MGMT Services
541614 – Logistics MGMT Consulting Services
561730 – Landscaping Services
611430 – Professional & MGMT Development Training
624190 – Other Individual and Family Services

Core Competencies

- **Operational Systems Architecture & Recalibration:** Identify operational bottlenecks, compliance gaps, and structural inefficiencies while redesigning workflows, reporting systems, leadership structures, and decision processes to create scalable, predictable operations.
- **Mission-Critical Program & Project Management:** Execute complex, multi-site initiatives through disciplined planning, stakeholder coordination, resource management, and performance tracking to support successful mission execution.
- **Operational Readiness & Field Execution:** Build and manage scalable teams with structured processes, accountability systems, logistics coordination, and execution oversight to support dynamic operational environments.
- **Government Contract Execution Support:** Help organizations mitigate operational risks associated with growth, contract transitions, increased workload demands, and compliance requirements to strengthen delivery, accountability, and mission performance.

Differentiators

- **Military-Trained Operational Architect:** 19+ years designing, executing, and improving high-precision systems for logistics, operations, and complex mission environments.
- **End-to-End Execution Capability:** Combines strategic analysis with hands-on implementation to design operational systems, develop teams, and deliver measurable performance improvements.
- **Precision Accountability Framework:** Applies disciplined tracking, quality control, reporting structures, and performance management to create repeatable and sustainable results.
- **Operator Mindset & Field Experience:** Brings firsthand experience building, managing, and correcting real-world operations across government, community, and mission-focused environments.
