CAPABILITY STATEMENT

Black Enigma, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and Minority Business Enterprise (MBE) focused on structural performance optimization.

We identify operational and compliance blind spots that erode revenue, accountability, and execution. Our approach diagnoses breakdowns in leadership structure, workflow design, reporting systems, and decision authority — then rebuilds the operating framework for measurable, sustainable performance.

We redesign structures so organizations execute predictably, reduce dependency on key individuals, and operate with clear control.
