# Trinity Church Profile - 2017

Trinity Episcopal Church was founded in 1863, and the original church structure was erected in 1872. We were officially accepted as a parish in 1879. Trinity comfortably seats 170 people, has a tracker pipe organ and beautiful stained-glass windows. The church is located in the center of Wrentham and overlooks the town common.

Today Trinity is a healthy community of approximately 100 families. We have an average weekly attendance of 80-85 congregants primarily observing a Rite II service. We're big enough that parishioners find plenty of ways to worship and get involved, but small enough that they don't get lost in the crowd. In fact, a recurring theme heard at Trinity is that it is the connection with people, with their kindness, friendliness, and sense of community that keeps folks attending services regularly.

During our Together Now Capital Campaign over the past five years, Trinity has focused on making major energy efficient and aesthetic improvements to the church building and parish hall.

## The Inn Project Donation

The Inn Project assists with temporary housing and transportation for immigrant families. The families were mostly from Central America and are in the United States as legal Refugee or Asylum immigrants. They have cleared background checks and customs. The families usually spend one night at the Inn Project before then getting a bus, paid for by family or friends in the U.S., to a new city. Within a week they must show up for an initial hearing with the U.S. government.

## Senior Luncheon

The Senior Luncheon is a chance for our seniors to come together for fellowship. It occurs the second Tuesday of the month at noon and is usually preceded by a communion service at 11:30 am for those who wish to go. For some it is the only service they are able to make for health or physical reasons. There is a sign-up but we are loose about that as all are welcome and some bring friends. There is a \$3 - \$5 voluntary donation to cover the cost of food. All enjoy spending time together and we usually have some activity like trivia from the 40's - 60's. This Luncheon runs September - June as July and Aug. are too hot and many are away.

# Stewardship Short Term Goals

- Run a successful stewardship campaign to help, encourage, and educate our parish members the value of supporting financially Trinity's existence.
- Run, plan, and organize this annual campaign with intent to help our family members understand that this commitment truly is in our own interest.

- Use tools such as witness statements, brief frank discussions with the laity, and informally discuss with laity experiences involving stewardship.
- Written materials (letters from Stewardship Committee and Pastor) and requests formally pledge cards to make an annual financial commitment to our family.

# Stewardship Long Term Goals

- Develop a more multilayered approach to stewardship.
- Create stewardship programs tailored to generous givers, another program for new or less committed givers and a third program for those in our family not yet understanding the value and benefits to pledging their time talent and treasure.
- Get the leadership and most importantly our pastor or priest in charge to take responsibility for and believe in the importance of leading in fundraising.
- Concrete ideas;
  - ✓ All Vestry people must pledge.
  - ✓ Priest must be involved and lead fundraising.
  - ✓ Educate our members to think of stewardship from a position of wealth not poverty. Discuss, inform, live, and share the self-interest.
  - ✓ Encourage growth and greater understanding of God's grace that can come from giving of ourselves generously.
  - ✓ Develop programs to explain stewardship to young adults and children.
  - ✓ Integrate Stewardship discussions, concepts into Sermons, church school, coffee hour, committees, and everyday living.

# Sunday School

Trinity's Sunday School program is offered for children and youth in Preschool/Kindergarten through Middle School. Classes meet during the 10:00 AM service for about 45 minutes; then they join their families for Eucharist and the remainder of the service. The Godly Play curriculum is used to acquaint children with the church calendar and worship service. Emphasis is placed on making children feel connected and welcomed with the church family and community.

We strive to be informative, supportive, and engaging while providing a comfortable place for children and youth. At Trinity Sunday School, students are encouraged to show God's kindness to one another, show respect to teachers, adults, and other students, respect themselves, conduct themselves in a positive manner, always be trustworthy, care about others, take responsibility for their actions, do the right thing, and lend a helping hand. Along with the adult members of Trinity, we encourage our youth to know, embrace, and share Christ in a loving community.

## A Brief History of Trinity Episcopal Church Lindsey Steward, Parish Historian

Trinity Episcopal Church has opened its doors to all for many years in Wrentham, Massachusetts. Our church has a rich history of communion services and serving the community by helping those in need. What started as a small community continues to grow and become more involved in Wrentham and surrounding communities.

According to the historical documents and narratives, the first episcopal service was held in Cook's Hall in July of 1863 which was conducted by Reverend Dr. Babcock of Dedham. When the first episcopal service took place, there were only two communicants who participated in the service. In December of the same year, the Christmas Fair was created to raise funds to benefit the Church. This annual tradition continues to this day.

On June 6, 1864, our church name, Trinity, was received. A few months later on December 7, 1864 Reverend Allen became the first rector of Trinity. In addition to services, Trinity also established its Sunday School first organized on December 11, 1864.

The Trinity community was eventually able to purchase land to build the church. In June of 1872, Trinity was completed. The first church service was held in the new church on June 30, 1872.

When the church was completed, the congregation and Vestry added to the church. For instance, a bell was put into place in Trinity Church's tower and it was rung for the first time on Easter Sunday, April 16, 1876. Also, years later, the Parish Hall was started in 1947 and completed in 1954. The rectory was started in 1955 and completed in 1956.

Trinity was officially consecrated on January 2, 1879 by Right Reverend B.H. Paddock, Bishop of Massachusetts.

Trinity parishioners were, and continue to be, dedicated to preserving Trinity's history. In 1955, the interior of the Church was restored. In 1999, Trinity went through a number of changes on the outside including the steeple, bridal entrance, and front steps. This project was known as *Trinity Beautification*. Also, the stained glass windows were later restored and put back in place.

For over 150 years, Trinity Episcopal Church and its parishioners strive to know, embrace, and share Christ in a loving community.
