DISTINCT HOME WATCH & CONCIERGE, LLC

Courtney Moore believes an unoccupied home is a vulnerable home. And that's why she has one goal in mind when checking her clients' homes – to provide quality home watch so they may have 24/7 peace of mind while away from their Florida home.

“What really sets us apart is our attention to detail – checking our clients' homes from top to bottom. Being professionally trained, I learned how to do things the right way from the beginning. Plus, I love what I do! I'm extremely passionate about taking care of my clients' homes.”

During her weekly or tri-weekly visits, Courtney addresses potential issues before they become major problems. Her software, with a built-in GPS, gives her homeowners instant access via the internet to her detailed home reports and proof of her visits. Her concierge service entails overseeing maintenance and home improvement appointments, receiving deliveries, and greeting families and their guests upon arrival and departure – just to name a few.
