

2024 Summer Learning Program

About the Program

The library's Summer Learning Program has served the community for over 20 years. Starting May 30 with the Summer Learning Block Party and culminating in the Pool-apalooza event on July 17 & July 18, the library hosts a summer full of engaging and educational activities for the citizens of Coolidge. The goal of the Summer Learning Program is to promote literacy and activity in the community. Events are tailored for children, teens, and adults - there is something for everyone to enjoy!

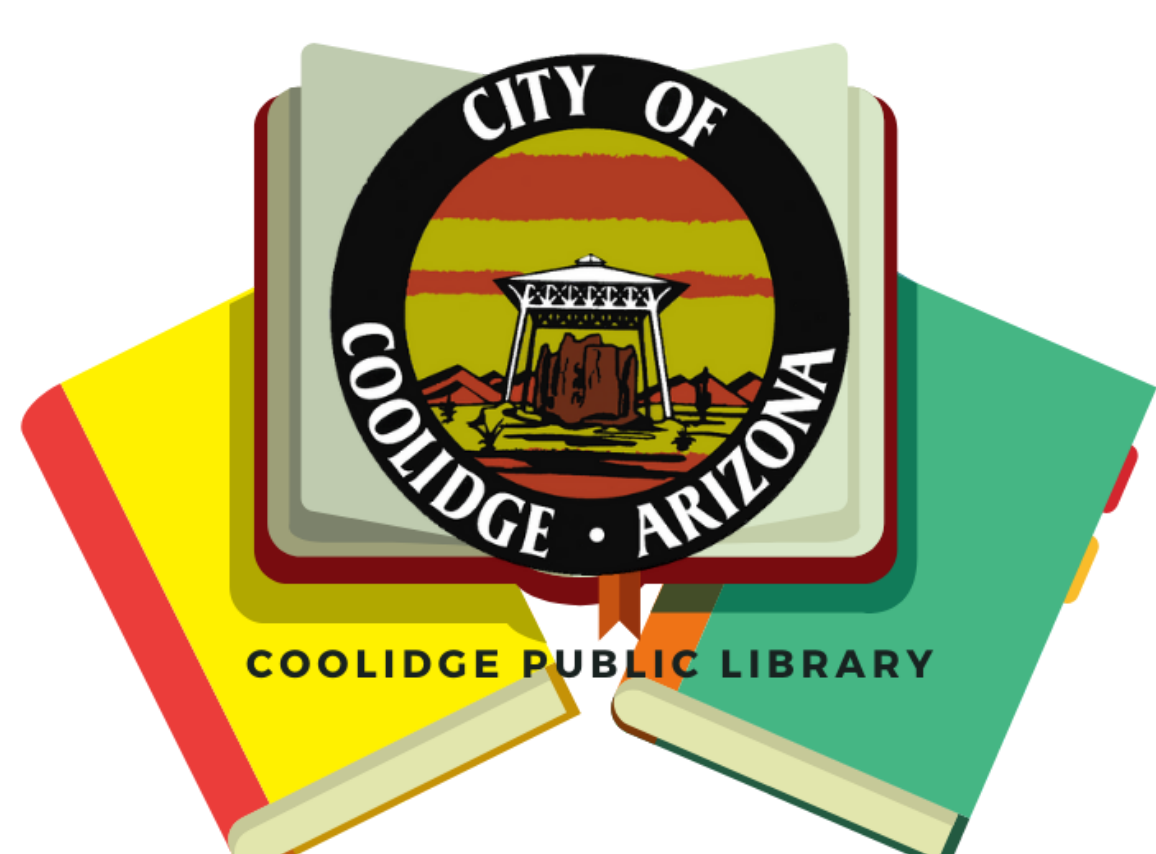

YOU Are the Missing Piece!

The library is seeking partners from the community to help make the Summer Learning Block Party a success. The event will be themed around adventure with the slogan of "**Adventure Begins at Your Library**". This is where you come in. Would you like to host a booth at the event? Families will participate in the fun activity you offer while learning about your organization's resources. With your help, this event will be a fun and informative kickoff to the summer.

Families will have the chance to learn about community services and resources while having fun with your continued efforts to help promote learning and literacy in our community. We encourage and look forward to your participation in this year's Summer Learning Block Party.

Registration for your Summer Learning Block Party participation **must be completed by Friday, May 17, 2024**, to be eligible for booth set-up.
