- Need to get the word out to the community, elementary schools, middle schools, recreational sports for those that don't currently have high school athletes, but will in the near future.

OLD BUSINESS

- Guidelines for individual sports fundraisers. Clarified that the money fundraised won't disappear if not used in the same school year it was fundraised. Ideally the money raised will be used in a timely manner, but understand that isn't always the case. Also, it becomes more complicated for the financials the longer the money goes without being spent.
- If there is a fundraiser currently happening, but not finished it is still possible to request and advance of the funds based on the projection of fundraised amounts.
- Coach purchase requests are live.

NEW BUSINESS

- Nomination committee
  - Michael will chair the committee and recruit two additional members for the committee. This committee will work on publicizing open positions, recruiting potential members and then posting the nominations at least 30 days prior to the elections.
  - Heather is finishing her term as President, so that position as well as Vice-President will be open. We are required to fill the main 5 board positions and additional positions are considered committee members of the board.
