

Entrance & Specialty & Promotional

In addition to just looking great, entry mats work harder than you might imagine. Entrance matting helps minimize the accumulation of dirt in your building. A proper arrangement of 15 linear feet of entrance matting will prevent up to 80% of the accumulated dirt from spreading onto your floors.

And, that's a lot of dirt. Up to 24 pounds can be tracked in by just 1,000 people over a 20-day work period.

In addition to fighting dirt and dust, entry mats also:

- Reduce maintenance costs
- Protect floors
- Improve air quality
- Enhance the look of your work place
- Diminish the risk of slips and accidents
