

OM Seating DB Series

The Discovery Series Stool from OM Seating is an excellent choice for work in lab, healthcare and similar task-oriented environments where heavy side-to-side tasking is required. It's comfortable ergonomic backrest shape allows for full back "stretch" and avoidance of scapular impedance.

Features:

- Backrest: 9.5" & 16.5"W x 20.5"H cushioned-upholstered
- Seat: 20" W x 17 – 20.1"D saddle-contoured seat
- Adjustments: Seat height, seat slider, independent back angle
- Seat Height: 25" – 33" (pneumatic lift)
- Base: Spider tubular base with welded-on footring, chromed finish
*Alternative aluminum base/adjustable footring combination
- Armrests: 4D - motion, forward slanting T-arms with pivoting arm top
- Casters: Multi-surface casters, 65mm
- Weight Capacity: 300 lbs.

Standard Upholstery Options:

Manufacturer: OM Seating - California, US
Warranty: 12 years limited
