

Brick Bodies Uniform Policy

Brick Bodies Associates are a direct representation of the Company and should conduct themselves accordingly at all time in the way they act, and in the way, they dress. Associates are expected to act and dress in a manner that is respectful to themselves, to others around them and to the company they represent. The three words that come to mind when describing the Brick Bodies Uniform are Professional, Clean-cut, and Functional.

Each staff member is responsible for being in complete uniform for the entire duration of their shift. Every associate when hired should be given a name tag temporarily until a permanent tag is given. They must have this when reporting for their shift.
