

## 48-HOUR STRATEGY

A lot can happen in 48 hours - including a highly effective strategy.

### EXAMPLES

Uncovered a \$50,000 annual operating expense for a new venture that wasn't previously known. Saved them time and money.

Delivered insights and presentation on managing generational cohorts and virtual teams for a sales training expert. They said, "I could develop a week long training on just the content you provided!"

Designed a storytelling framework for interior & exterior design, brand names, customer experience, and an investor presentation for a new restaurant. This helped them raise over \$100,000 in one meeting.
