

Quality Policy - MDD Fabrication & Engineering Limited

12th September 2025 Review date 12th September 2026

Quality Policy

MDD Fabrication & Engineering Limited are dedicated to providing the highest possible standards of

quality for its services and products and are dedicated to maintaining a quality management system

which ensures that its services and products meet customer specification within agreed parameters

of cost, quality, and delivery. As part of our commitment to continuous improvement we have

established a range of improvement objectives and targets across the business. They are reviewed

through our monthly management team meetings to ensure their timely achievement.

The company's quality management system concentrates upon error prevention, by investigating

processes, identifying errors and opportunities for errors, and implementing corrective and preventative action to correct or avoid such occurrences.

The company defines quality as the conformance of services and products to established and

documented requirements derived from clients needs, employee expertise and experience. Systems

are open to constant examination and review by all personnel and approved third parties enabling

observations to be made and incorporated, which provide for continuous improvement.

The company is proud of its good reputation for responsible practices and dedicated client care,

which are a result of the company's ethical culture, skilled committed staff and quality control over

its services and products. It is the company's policy to seek to operate to these standards continuously and to implement and operate fully the BS EN ISO 9001:1025 quality assurance

standard through registration and annual review.

Suppliers to the company will be actively encouraged to improve the quality and reliability of their

services and products.

The company complies with all legislation relevant to its particular industry sector together with the

Health and Safety at Work Act 1974.

MDD Fabrication & Engineering Limited has identified the need to pursue responsible policies

towards the community and that the interests of industry will not be served at the expense of the

environment.

The policy will be reviewed annually by the managing director.

Adequate financial & physical resources will be committed to ensure compliance.

It is the company's belief that in applying these standards, policies, and procedures it will be able to

operate to the requirements of its clients and industry accordingly.
