ADVANCED TEAMS (MIDDLE SCHOOL AND BEYOND)

PLAYER
EVALUATION

Notes:

- Any Jr SeaWolves RED team can become a GOLD team. The difference in the color is the competition that they play. Which is based on how much a team has developed..
- Jr SeaWolves are 7% athletes and are targeting local/regional competition to challenge at their age with goals to develop to a CANES team or play at the varsity level to get to any college level.
- Canes are 1% athletes that are targeting playing high level regional and national competition. These athletes are working to be high-level college athletes or professional athletes.
- All NW PA area athletes will have a home to train at the Strike Zone Academy which will host academy programs that train all ages year round. These programs are designed and built by leadership from the Jr SeaWolves, Canes Baseball, Erie Strike Zone Academy as well as college and professional coaches, athletes and instructors.

OUR MODEL IS: 1) DEVELOPMENT -> COMPETITION -> EXPOSURE
WE DO NOT LET OUR PLAYERS GET EXPOSED CHASING EXPOSURE!
