Welcome to the Yatarna Highland Cattle Fold 2023 Cattle Sale

A very warm welcome to our 2023 Annual Sale!

A good year for heifer calves and an overall favourable season has meant a productive year for us here at the Yatarna Highland Cattle Fold.

Whilst we wish we could keep them all, we just can't and we have completed the difficult task of selecting which of the girls will continue with us here as future breeders and who will go of to join another lucky fold some place else.

To mix things up a bit, we have also decided to put up 2 lots of embryos from two of our finest cows and some exceptional scottish sires. They are some very unique F.I.B. pedigrees in these lots for those looking to purchase some of the harder to come by genetics for their own Fold - an opportunity not to be missed!

Good luck to those bidding in the auction and all the best to everyone!
