

The **Hi-Flow™** is an accurate and rapid dispenser that can be utilized with all livestock medication needs and will deliver an accurate and consistent dose whether you are using for injection delivery, oral delivery or topical delivery. The Hi-Flow™ is designed to refill the barrel consistently after the contents are dispensed. Adjustable dosage sizes range from 0 ML to 75 ML.

Features and Benefits:

- ✓ Simple and accurate dose adjustment
- ✓ Variety of nozzle configurations
- ✓ Improved ergonomics with soft touch grips
- ✓ Long term use with proper care
- ✓ Easy to clean with soap and warm water
