Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. **Items are sold AS IS.** Attribution, date, condition and other descriptions are only the opinion of the cataloguer, and no warranty is expressed or implied. Third party certified coins cannot be returned for any reason. **FLOOR BIDDERS MAY NOT RETURN ANY LOTS** including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 30 days after a sale. As the auction house acts as an agent for various consignors, **NO CLAIM OF ANY KIND** can be considered after settlements have been made. If a claim is not made within this 30 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. **Lots are not shipped until paid for in full.** Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact. *\*Chinese lots and all other miscellaneous, bulk, fantasy & multi-item lots are all NO RETURNS FOR ANY REASON.*

3. **Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash.**

**\*\*\*Please note: Should payment be made by check (in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, usually 14 business days.** New clients are required to provide first rate credit references and a 25% deposit to insure entry of your bids. Please contact us.

4. Overseas Bidders Only: Please bid in **U.S. Dollars.** Payment can be made via an agent in the U.S.A. or by wire transfer with a small added service charge. We do not accept credit card payments for lots. Special payment arrangements for wire transfer funding must be made in advance and extra charges will apply in many cases.

5. **A 17.5% buyer's charge will be added to the successful bid price of each lot.** This 17.5% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 5% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogs.

6. **TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS.** Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars** by an acting agent in the USA or by wire transfer, with fees to be borne by the bidder.

## Item 674

### Rare Ming Dynasty, Da Ming Bao Chao 14<sup>th</sup> Century 1 Kuan Note & Letters of Transmittal to the famous Chicago Confectioner Charles F. Gunther Museum.

1 Kuan, ND(c.1368-1399). P-AA10. VG or better in appearance by wear with some typical age related chipping and voids common with this series at the periphery; various seps and fold line weakness, along with a few small closed internal voids. A remarkably presentable and displayable example of the earliest known paper currency and always in demand by collectors. The note is accompanied by two fascinating letters, datelined Nov. 19<sup>th</sup> and 23<sup>rd</sup>, 1888, both relating to the transmittal of the piece to Chicago Confectioner and Museum Owner Charles Frederick Gunther from Pennsylvania attorney Edwin A. Barber on his letterhead. The letters extol the virtues and rarity of the note and a visit by Barber to the Gunther museum when Charles was away. Content details the possibility of it being the only one in the United States at that time and that it could be compared to the piece in the Imperial Museum in St.Petersburg, Russia. The note was offered for sale at the time for the discount price of only \$20, while Barber felt it was worth at least \$50. He went on to say that it was an important acquisition for Gunther to add to his museum as it was the first paper currency of the World with unquestionable authenticity and that the note came along with a consignment of other antiquities from Shanghai. The two letters themselves grade VF with folds, a few tiny chips/seps and the first with a small closed tear from the bottom up. They both are very legible and delightfully written with clearly inked handwritten text. Although not the finest quality specimen of this note in existence, this piece is arguably one of the most historic on U.S. shores with a colorful and well-documented provenance to the “Candy Man” of Chicago. Certain to enthrall any serious currency collector. As with many other items from this consignment, we expect the bids on this archive to eclipse our conservative estimates. 1 banknote + 2 transmittal letters. (\$1000-1500)
