

## DEPARTURES FROM NON-TOWERED AIRPORT

**Departure Procedures**

- Unless restricted, you can choose to depart in any direction from a NON-TOWERED airport.
- Prior to entering the runway for departure, you should clear the airspace with visual check and then self-announce the runway you will depart from and the direction of your departure.
- For example: *"Rio Vista traffic Cessna N427EP taking runway 25 for Right Crosswind Departure Rio Vista"*
- Continuously self-announce your position and intention on CTAF.
- Make sure to follow the NOISE ABATEMENT procedures if any for the airport. Review it prior to the departure.
