

DEPARTURES FROM TOWERED AIRPORT

Departure Procedures

- Depending on the route of your flight and runway in use at a Towered Airport, you can request the best suitable direction for departure.
- The diagram shows the ways you can depart the traffic pattern.
- Mostly the Control Tower will approve your request for departure unless they are restricted due to any reason.
- Request your departure request prior to your departure when you make the initial call to the Control Tower for takeoff.
- Make sure to follow the NOISE ABATEMENT procedures if any for the airport. Review it prior to the departure.
