

TRAFFIC PATTERN ENTRY AT TOWERED AIRPORT

Entry Procedures

- Tower will assign your arrival entry once you contact them and report your position from the airport.
- As per your position reported relative to the airport, tower will assign you the best suited entry for the runway in use.
- Make sure to copy down the entry and reporting instructions.
- While inbound make sure to orient yourself and report your position to the tower relative to the airport correctly.
- If you make a mistake correct it immediately and report your correct position to the Tower.
