DID YOU KNOW...?

Most judgments include a provision for the payment of interest from the day it was awarded. The actual interest rate and calculation process varies from state to state. With interest, your judgment could be worth significantly more than the day it was awarded.

Statistically
about
80%
of
all judgments
awarded **never** get collected

HERE'S THE FACTS.....

The fact is - almost 80% of all judgments are never recovered. Your judgment may have been awarded by the court but enforcement is your responsibility. **CJC Judgment & Paralegal Services** can succeed where you haven't! We have the resources, expertise, and determination to enforce the judgment you worked so hard to get. We will conduct a thorough investigation to uncover any assets or sources of income, and take whatever steps are necessary to legally seize them!

HOW DOES THIS ALL WORK? I have some questions....

Q: How much will this cost me?

A: We neither charge an application fee nor require you to cover any expenses. You assign the judgment to us for a percentage of the award amount for a period of time. We bear all expenses and legal costs incurred in the enforcement process. We are currently taking judgments awarded in NY.

Q: How long before I see results?

A: It all depends on the difficulty in locating the judgment debtor and uncovering assets. Some debtors are pretty adept at hiding their assets. They often appear to live without any 'normal' means of support. We will try our best to get results in the first few weeks but it could take months or years in a difficult case.

“We specialize in the enforcement of unsatisfied civil judgments. We hunt them down and do whatever is necessary within the law to get your justly awarded judgment.” – CJC

Q: Why shouldn't I use an attorney or collection service to enforce my judgment?

A: You can, if you are willing to put down an up-front retainer fee and pay the attorney \$250 or more per hour, whether they are able to recover anything at all. When we enforce the judgment, we pay you and there are no up-front costs. A collection service may contact the debtor and irritate him to death! But, they rarely collect! With the new laws from the Fair Debt Collection Practices Act, Debtors have the right to tell collectors to cease all communications. YOU NOW HAVE ANOTHER CHOICE!

CJC Judgment & Paralegal Services is dedicated to the enforcement of civil judgments. We purchase your judgment in its entirety. We cover all the costs and expenses incurred in locating the judgment debtor and enforcing the judgment. We make our money only from the judgment debtor, at no cost to you. Just complete our short online application. We will contact you and send the necessary documents for your signature. On return of the signed documents we will immediately initiate enforcement of the judgment.
