

# InZynch™ Mastering True Collaboration.

True Collaboration is not about platforms or apps, it's about PEOPLE engaging in ACTIVITY and using TECHNOLOGY to connect and GET RESULTS.

## True Collaboration: Just 8 hours of training and 40 minutes per week to achieve!

This 100% online program **addresses the 3 most critical collaboration processes**, by providing our ground-breaking InZynch™ True Collaboration models and tools.

The result is effective, stress-free remote or in-person collaboration. True collaboration also frees leadership from operational issues and allows them to focus on making the business grow.

These three parts of the program can be applied as an integrated solution or independently, to get you results **in just weeks**, with time-cost efficiency.\*

### 1 Effective Outcome Management. 3 hours.

Going from managing activity to managing outcomes is the cornerstone for accountability, alignment, effectiveness and stress-free leadership in remote or in-person collaboration.

### 2 Effective Messaging Operation. 2 hours

Messaging is a valuable but misused tool. By applying proven Lean fundamentals, teams can reduce the volume of internal messages by over 40%, saving everyone hours of non-productive time daily.

### 3 Effective Meeting Operation. 3 hours.

Meetings! Those undermanaged production lines that can originate so much waste and stress! Our Lean meeting protocols ensure meetings that produce value outcomes in the shortest possible time.

*\*All sessions include email support for the team, and 30 minutes of individual coaching for the team leader during the first week of application of the models.*

**Contact us today to provide your teams with these proven, 100% online solutions for effective, productive, and stress-free collaboration, remotely or in-person.**

You Know Your Business.  
We Know Collaboration.
