

The Tale of Tilly Tooth Fairy

When you were just a baby
Laying sweetly in your bed,
Tilly came to visit
And this is what she said,
"Be Happy, little darling,
Love, laugh and play.
Take care of your teeth
And I'll be back again one day."

In all the years that followed
Tilly watched over you.
Now you've lost a tooth
So, here's what you should do.

Under your pillow
Snug and tight,
Tuck in your tooth
Before you sleep tonight.
When you wake up in the morning
And open your eyes,
You'll find Tilly Tooth Fairy
Has left you a surprise!
