

SAFE WORKSPACE FOR THE FUTURE WORKFORCE

Work Environment at Home

IN OFFICE STANDARTS

A work platform that supports people's participation in workforce from their homes, provides freelance work, and brings home the working standards in offices.

SAFE ENVIRONMENT

An environment that provides Information and Physical Security with limited access authorization, camera tracking, screen recording, emergency button etc.

COMFORTABLE SPACE

Tempoda provides a comfortable working environment for people who have to work at home, disabled people, stay-at-home-parents. It meets your needs with its ergonomic desk and chair. It always cares about your comfort with its air conditioning.

ENVIRONMENTALLY FRIENDLY

The materials used in Tempoda has been selected among materials which have Turkey Standards and International Quality Certificates. Tempoda has a much lower environmental impact than the carbon footprint we created in the office environment. Hrelps reducing the congestion.
