Club

Clubz Night Club is planned to be located in Shinokubo, Tokyo, Japan.

It will be designed across multiple floors, allowing patrons to enjoy various genres of music such as EDM and POP, with performances by renowned personalities selected by the Clubz agency on specific days.

Payments can be made using coins, with additional discounts offered when paying with coins. Customers with NFT tickets will receive further discounts and enhanced basic services. The club aims to provide a convenient and accessible experience for people from all countries. When purchasing alcohol, customers receive mileage credited to their accounts as part of a mileage service, which can be used to buy drinks or obtain plane tickets. Mileage earned here can be used at any Clubz location, with basic services upgraded when using mileage.

Services offered include pickup service, coin payment systems, airdrop services, umbrella rental services, and welcome drink services.

Expansion of services is planned for the future.

The pickup service caters to all club patrons, utilizing locally operated vehicles to transport them across wider areas. In Japan, where taxi fares are steep and subway services may be limited, Clubz Night Club addresses transportation challenges by offering this service, enabling patrons to extend their stay at the venue.

Vehicles shuttle customers to nearby destinations, ensuring a convenient and enjoyable experience for all.

- **Service
Hotel**

Experience the full array of amenities available at CLUBZ Hotel. Start your day with a sumptuous breakfast buffet, take a dip in our rooftop swimming pool, unwind with a refreshing drink from our bar, and groove to the beats spun by our resident DJ.

At CLUBZ Hotel, culinary satisfaction is our priority. Our diverse menus feature Japanese, Chinese, and Western cuisine, created by talented chefs to cater to the diverse palates of our international guests, ensuring a premium dining experience every time.

Take your relaxation to new heights at our temperature-controlled rooftop pool, boasting panoramic views of the surrounding landscape. As the sun sets, our poolside DJs set the scene for an evening of leisure, where you can sip on your favorite beverage and soak in the tranquil ambiance.

Plus, with our mileage service, enjoy complimentary or discounted accommodation, with the option to pay using CLUBZ tokens for added flexibility.

Arriving in style is effortless with our exclusive airport pick-up service, ranging from standard transfers to luxurious Rolls-Royce transport, ensuring a seamless journey to CLUBZ Hotel for all our guests.

- *Service*
ClubZ Bar

Welcome to CLUBZ bar, where the prohibition era meets modern luxury.

We provide an intimate and exclusive environment for everyone to enjoy, reminiscent of the secretive speakeasies of the past.

Services at CLUBZ Speakeasy include mileage service and coin payment options. Plus, patrons using an NFT TICKET can avail themselves of additional discounts and complimentary snacks.

As an added bonus, patrons of CLUBZ Speakeasy enjoy free admission to CLUBZ Night Club.

Step into the world of CLUBZ Speakeasy for an unforgettable experience of premium drinks, impeccable service, and the mystery of a bygone era.

Whitepaper

- Service
ClubZ Agency

CLUBZ Entertainment is poised to make a splash in Japan's entertainment realm, notably amid the scarcity of major agencies in the country.

This absence of prominent agencies poses a significant hurdle for aspiring artists seeking visibility. Young artists aiming to break into the industry can connect with CLUBZ, where they undergo screening and training. Many talents who began as trainees will grace the stages of CLUBZ Night Club, earning notable recognition.

Looking forward, our aspirations extend beyond Japan's borders, as we aim to showcase talents internationally in Korea, the United States, Europe, and China.

- Ticket
Nft

Introducing the NFT Ticket, an innovative feature within CLUBZ. NFTs are applicable across all CLUBZ venues.

These tickets come in three variants: Regular, Business, and VIP, each offering distinct benefits. While 1000 Regular tickets are available, only limited quantities of 300 Business and VIP tickets are issued.

Every ticket type unlocks exclusive services tailored to its category. These include, room upgrades, significant discounts, and seat enhancements. Once purchased, the services are permanent and can be traded with others until it finds a new owner. Verification of authenticity can be confirmed via OpenSea.

- **Token**

ICO

We've created the CLUBZ token, which operates on the BNB chain, ensuring a smooth ICO process without concerns about security. Transactions within CLUBZ also benefit from low transaction fees, making payments convenient.

A total of 740,000,000 tokens have been issued, with 440,000,000 tokens available during the ongoing ICO period from March 10, 2024, 20:10 (UTC +09:00) to January 20, 2025, 00:00 (UTC + 09:00).

The initial price per CLUBZ token is \$0.5. The raised funds will be allocated as follows: 60% for constructing service buildings, 30% for establishing CLUBZ Airlines, and the remaining 10% for token development, advertising, and user acquisition expenses.

- **Token**

ClubZ Card

Clubz aims to create debit cards that integrate the CLUBZ token, simplifying coin payments for users. Our goal is to make this system accessible to a broad audience.

Initially, the card will operate similarly to a QR code, with future plans to partner with Visa or Mastercard for card production. Coin payments will automatically activate cashback rewards, and users will also earn mileage on their purchases. Mileage can be used like cash and is redeemable within Clubz, but it cannot be converted into cash.

This versatile card can be used at any time, offering flexibility and convenience to users.

- Team

HISAKI - CLUBZ CEO

We are planning and continuously developing CLUBZ.

Through ICOs, we aim to find business partners to lead many developers and CLUBZ companies.

Our ambition is to expand into a major corporation and establish CLUBZ as a significant presence in the market. We recognize that accomplishing this goal demands significant development efforts, and we intend to leverage ICOs to garner support from numerous individuals. Our dedication lies in evolving into a substantial corporation while ensuring the satisfaction of our supporters.
