## DJ | Producer | New York City

From underground dance parties and exclusive rooftop lounges in New York City to large festivals and cruise ships around the world, Morsy's invigorating styles of House music have been keeping the dance floors moving for over 15 years. With a huge love for the dance scene, Morsy has worked his way up to perform with all the top acts including legends Todd Terry, Moby, KiNK, John Legend, Steve Aoki & Camila Cabello, and has been featured in Rolling Stone & Esquire Magazine.

As a DJ, Morsy's early days of throwing dance events started back in 2002, beating up his old dusty record collection at many underground loft parties in Brooklyn. He later helped create New York's popular "Crooked Disco" events which was voted top parties in NYC nightlife by Timeout Magazine & Village Voice.

Mastering his production skills and signature sounds of funky, tech house & afro-latin grooves, Morsy has begun to gain popularity amongst the House community releasing music with praised labels as, *Strictly Rhythm*, *Nervous*, *418 Music* & *King Street Sounds*. His major release "Pride ft. Amber Skyes" ascended to Top 20 *Billboard Dance* charts which was featured live on *Fox TV* nationwide.
