

Matting Release and Consent

I understand that matting of my pet's fur can be detrimental to their health and well-being. Matting can cause discomfort, pain, and skin issues, including the risk of hot spots and infections. I acknowledge that my groomer has informed me there may be matting present on my pet.

I hereby authorize the grooming services for my pet, with the understanding that removing matting may require the following:

Trimming and Shaving: If the matting is severe, it may be necessary to shave the affected areas for the pet's comfort and well-being.

Possible Change in Appearance: I understand that removing severe matting may alter my pet's appearance. While groomers will make every effort to maintain the desired look, my pet's comfort and health are the primary concern.

Risk of Skin Irritation: The removal of mats may expose the skin, which can be sensitive. Skin irritation, redness, or minor nicks may occur as a result of the grooming process.

Ongoing Maintenance: I acknowledge that regular grooming and at-home care are essential to prevent matting in the future.

Additional Fees: I understand that due to the matting, my appointment may take longer than originally assumed and due to that may come with additional charges.

By signing this Matting Release Form, I confirm that I have read and understood the risks and consequences associated with matting and authorize the grooming salon to proceed accordingly.
