RE: Testing for COVID-19
DATE: March 16, 2020

Please be advised that Cigna will waive **patient out-of-pocket costs** (co-pays and deductibles) for **doctor-recommended** COVID-19 (the disease caused by the new coronavirus) **diagnostic testing** and **patient out-of-pocket costs** for **testing-related visits** with **in-network providers**, whether at a doctor's office, at an urgent-care clinic, at an emergency room, or via telehealth through **May 31, 2020**. For purposes of MILA, this applies to any individual who is covered under the Premier, Basic, or Core plan.

For individuals covered by the Medicare Wrap-Around plan, Medicare should cover any out-of-pocket costs for lab tests for COVID-19 and all medically necessary hospitalizations resulting from a COVID-19 diagnosis.

Individuals who need help locating an in-network provider should call the number on the back of their Cigna ID card.

To request a consultation with the Cigna Telehealth Connection, which offers board-certified doctors who are available 24/7/365, please contact either of the following telehealth providers:
