# BURGER SHACK @ THE KINGS

---

We interrupt this Menu to Bring you Wagyu Burgers served on a Brioche Bun, we've got 17<sup>th</sup> Century surroundings best served with a Beer and a Dirty Burger!

*Chef Mikey has tried dozens of different meats for his Burgers, tough job, and he has landed on Wagyu Burgers. Made famous in Japan, Wagyu is quite simply the generic name for Beef in Japan, Wa (Japanese) and Gyu (being Japanese for Beef) Don't worry about your carbon footprint, we aren't shipping your Beef from Japan! Modern Wagyu is a cross, usually between Ayrshire, Shorthorn or Devon. The Wagyu Burger itself is all about the marbling of the beef, giving it a beautifully tender and a rich buttery soft flavour. Which one will you choose? Enjoy!*
