Be a GOOD Neighbor

We can all work together to be better neighbors to each other by following some simple guidelines including mowing your lawn and trimming your shrubs regularly, using weed control, storing trash cans out of public view, keeping barking dogs quiet, having dogs and cats on a leash when outside, picking up after your pet, being considerate when hosting parties by noise/music control, not revving up your motorcycle or vehicle on your street...are just a few ways you can show consideration to your neighbors.

Be helpful to your neighbors by watching out for them and reporting any suspicious activity in the area, checking on elderly neighbors if you have not seen them, reporting any street lights that are out to the appropriate city, watching out for the children that live here and obeying the speed limits. **Please do not hesitate to call the police.** Keep Country Lakes as safe as it can be.

Clean and Green

Keeping the green common areas and walkways looking well maintained is an on-going process that requires the cooperation of ALL homeowners in Country Lakes. Please remember before you toss out trash that someone else will have to pick it up. Dog walkers should make sure to have plastic bags with you to clean up after your pet. Let's all work together to keep Country Lakes clean and green!

Rules Benefit ALL Homeowners

Homeowners will benefit from not raising the dues to vandalism, liability and unsafe situations!
