Explore the Solomon Islands

Join our **exclusive** 21 night charter aboard *Bilikiki* to dive and visit the Western Provinces of the Solomon Islands!

Our course will include the **remote** islands of Isabel, Tetepare, Arnavon Islands and more. Arnavon Islands are home to the largest rookery of the critically endangered hawksbill turtles in the South Pacific region, and is now a protected marine park of 40,000 acres of land and sea. Tetepare, known as the "last wild island," is the largest uninhabited tropical island in the Southern Hemisphere.

These RARELY visited islands have been nearly untouched by divers, and **you** will be one of the **first** to see and dive this tropical paradise!

Located in the heart of the South Pacific, the Solomon Islands form part of the coral triangle and boast some of the world's finest, yet least explored, scuba diving opportunities. The region offers an incredible variety of marine life, dive sites, and experiences, all within a short flight from Australia or Fiji. Bilikiki Cruises has been providing liveaboard scuba diving trips and cruises in the Solomon Islands for over 25 years. Their seasoned crew knows the premier dive spots in the Solomon Islands (which will be included in this itinerary), but also have the mariner's wisdom and experience to guide this unique expedition.

Optional Add-On in Australia or Fiji can be customized for you!
