DIVE

Bali & Alor

INDONESIA

NANCY'S #1 DIVE SITE

This dive trip is to one of the best-kept secrets in the diving world — my #1 favorite dive site. Tucked away from the usual spots, it's a hidden gem that never fails to take my breath away, no matter how many times I go. This time, our charter will remain at this site for a week, or until we are ready to move onwards.

alamBatu - Bali

An easy land transfer from Bali, this resort is the perfect way to kick off our adventure. Boat and shore diving, spas, pool and relaxation, it's your choice. All-in package combines diving, spa, and cultural activities with full-meal plan. 5 nights and then we return directly to the airport for our same day flight to Flores Island.

Samambaia Liveaboard - Alor

Arriving in Flores, we'll overnight in Maumere, before embarking on the spacious phinisi, Samambaia, hosting only 14 divers. Our first days will be at our secret dive site, which is mostly macro but with reef diving opportunities and village visits. Moving on, we'll explore the sites of Alor Island, in the heart of the Coral Triangle.
