

# THE PUBLIC TRANSPORT CONSORTIUM

**“Acting nationally to support local solutions”**

## ABOUT US WHO WE ARE

The Public Transport Consortium brings together local authorities across England and Wales to share expertise, influence national policy, and promote effective transport solutions. As a special interest group of the LGA, we provide a forum for discussion, best practice, and collaboration between members and officers. Recent speakers at our AGMs and meetings have included senior leaders from the bus and rail sectors, covering topics such as sustainable networks, passenger growth, and future mobility.

## WHAT OUR MEMBERS SAY

***“Membership has given my authority direct access to leading Department for Transport officials, bus & train operators, and campaign groups; providing us with much greater understanding of current issues”.***

***“Excellent value for money!”***

***“The Public Transport Consortium is a ‘one-stop shop’ for obtaining advice and guidance, and keeping informed of current transport developments”***

### INFLUENCE POLICY

Gain direct access to government officials, operators, and national bodies. We ensure your authority's views are heard at every level, shaping emerging transport policies and decisions that affect your communities.

### SHARE EXPERTISE

Join a trusted network of local authorities and officers who face the same challenges you do. Through regular meetings, seminars, and collaboration, members exchange proven solutions and innovative ideas.

### SHAPE THE FUTURE OF TRANSPORT

Work collectively to develop effective local transport strategies with national impact. Together, we promote sustainable, passenger-focused services that improve daily life for citizens across England and Wales.
